Dear Mr Chapman.

Enclosed please find the address as given me by the party you introduced me to as Mr Peale. I hardly believe this is his real name but hope it will serve you in running him down. Should I ever run across him I will have him held for you and acquaint you with the fact. I had my portrait of Washington moved from the Hotel parlor today fearing he might pay me a visit anything I can do to aid you in the matter is at your service.

Yours Truly Wm Harrington
